Teoxane Laboratories have developed over 10 years of research in dermal-fillers, the patented **RHA (Resilient Hyaluronic Acid)® technology**.

Today our researchers have been able to extend these aesthetic benefits by **integrating RHA into a complete skincare regimen**. TEOXANE Cosmeceuticals care products combine RHA™ with effective active ingredients selected for a targeted response to anti-aging problems.

TEOXANE CORE FORMULA

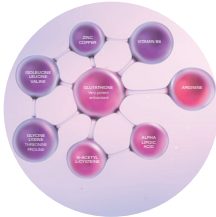

RHA (Resilient Hyaluronic Acid)®

Developed for dermal injection, **RHA (Resilient Hyaluronic Acid)® technology offers greater benefits than basic Hyaluronic Acid***.

By forming a hydrating mesh on the application zone, this technology maintains and preserves hydration, smooths and plumps the skin*.

STRENGTHENS THE SKIN BARRIER*

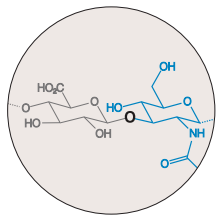

TEOXANE Dermo-Restructuring Complex

A selection of 8 amino-acids, 3 antioxidants, minerals and vitamin B6.

PROTECTS AND REVITALIZES**

NovHyal

Natural constituent of Hyaluronic Acid

STIMULATES THE NATURAL HYALURONIC ACID SYNTHESIS***
